Neurofeedback Services Fee Schedule

Initial Consultation and Assessment (*1.5 hours, includes symptom assessment, detailed history, and development of training protocol*) = \$120

Single training session (*about 1 hour and includes training time, symptom monitoring, and on-going consultation & follow up*) = \$60

Training Packages (*As an incentive to purchase Neurofeedback training sessions in advance, I include a number of additional sessions at no cost with each package*):

10 prepaid sessions (*one additional sessions is offered at no cost, totaling 11 sessions for \$600*) = \$600

20 prepaid sessions (*four additional training sessions are at no cost, totaling 24 sessions for \$1200*) = \$1200

Billing Policies

If you cannot keep an appointment, please contact me to reschedule at least 24 hours in advance, either by phone or by email. If you miss an appointment without at least 24 hours notification, there is a \$30 fee or one session will be used from a prepaid package.

Payment is due at the end of each session.

In order to keep my costs down I do not accept insurance. However, I will be happy to provide an itemized bill with insurance codes for submission to your insurance company for reimbursement. You should know that some insurance companies will not reimburse you for Neurofeedback services.

I understand the above information and agree to its terms:
